ANG MANGA MAHARLIKA

18 August 1945

Subject: Complete Roster, Submission of

To : The Adjutant General
Headquarters, Philippine Army
(Thru Channels)

1. Attached hereto is the complete roster of "Ang Manga Maharlika" duly certified to by me as a copy of the roster of this organization as of December 1945.

2. Further attached documents are true copies of the orders attaching "Ang Manga Maharlika" to the Fifth Cavalry Regiment.

3. The submission of this roster is delayed because:

a. On or about April 1945, I was officially informed that "Ang Manga Maharlika" had been recognized as of 11 February 1945. Inasmuch as a copy of the original roster of this unit had been sent to the G4, SWPA way back in 1943, it was believed that there was no necessity for submitting the same for approval.

b. In the first days of December 1944, I proceeded to the Mountain Province on an intelligence mission for General Manuel Roxas. The landings in Lingayen, Pangasinan, cut off my return to my own organization. I was attached to the 14th Infantry, USAFIP, NL, since 12 December 1944. This unit was operating in Nueva Vizcaya and Isabela in the Cagayan Valley and all land communications to and from this unit were cut. When the Japanese in Luzon withdrew to the Cagayan Valley, the 14th Infantry was surrounded by the enemy up to the month of April when I was ordered to G4, USAFIP, NL, Camp Spencer, Luna, La Union. I immediately requested my release from detached service but my request was denied by the G.O., USAFIP, NL. Nor was my request for leave entertained.

c. I had lost contact with the officers and men of my unit and the original roster and other papers of the organization were buried somewhere in Manila. I alone knew the location thereof.

d. When my officers could not locate the papers of the organization, Major Narciso Ramos, head of the special Intelligence section, acting as Commanding Officer, submitted a roster of the Maharlika Unit in Eastern Pangasinan where he was then

operating. Inasmuch as this roster included only the men operating in Pangasinan, it was incomplete. This incomplete roster is the document now on file at the Headquarters, Philippine Army.

4. The following information about this organization is submitted:

a. This organization has been in operation since 1 December 1942. Request that the records of the G-2 Section, SWPA be consulted on this matter. Attention is specially called to the compilation entitled "The history of the Resistance Movement in the Philippines" in which this guerrilla organization was dealt on and its activities described.

b. When I left the headquarters of this organization in Manila on 5 September 1944, Capt Pacifico B. Marcos, Executive Officer, ran the unit, concentrating on intelligence and sabotage work.

e. On 28 January 1945, a map of detailed enemy defense installations in the City of Manila was dispatched from the headquarters of this organization. It was ordered to be delivered to the 37th Division column which was then racing towards Manila. The four couriers bearing the map slipped through the enemy lines around the city and proceeded to the American column. The first American unit contacted was the 2nd Platoon, "B" Co., 2nd Bn., 148th Inf., 37th Div. under Lt. Kankansky. After verification of identity, the map submitted by the couriers was accepted and transmitted to the G-2 section. Lt. Kankansky commented to the officers of the Mahavlika later that the American troops entering Manila utilized duplicate copies of the map submitted by our men. It was the first map submitted designating enemy defenses in Manila in detail.

d. On 3 February 1945, elements of the 1st Cavalry, USA entered Malacca Palace. On 4 February 1945, scouts of the Maharlikha unit operating on the north bank of the Pasig River contacted Capt. Hickermann, 8th Mech. Reg., 1st Cav., USA. The men were identified and attached to this American unit. Intelligence was submitted and the men used for patrolling until the operations in Manila were over.

5. A grave injustice has been committed against many officers and men of the Mahariika because while the men listed down in the roster of the East Pangasinan Unit have been granted their guerrilla ranks, those members of the Mahariika who had served this organization since its start of operations in 1942 and who were not included in the approved roster of the East Pangasinan Unit have not been credited with

recognition of their proper ranks.

6. Request therefore that the complete roster of "Ang Mga Maharlika" be approved and this organization be given recognition.

HEADQUARTERS LGAF, APO 301, 16 September 1945

TO: Lt Col James W Davis, Guer Coordinator, LAC, APO 198

1. Returned with the following information and comments:

a. April Roster of Ang Mga Maharlika, East Pangasinan, earliest submitted to this Hq, enclosed. This outfit was recognized 11 February 1945.

b. Par 3 b. is contradictory in itself.
"Landings at Lingayen Gulf cut off my return to my organization". However, he atched himself to USAFIP NL 12 December 1944, only a few days after he arrived in that area. Landings a month later could not have influenced his abandoning his outfit and attaching himself to another guerrilla organization.

c. Suggest inquiry into veracity of par 4 a. and authority of Ferdinand E. Marcos to organize guerrillas and commission his own officers; also check-up of papers in support of subpars 4 c. & 4 d.

d. Further suggest case be referred to Maj Narciso Ramos, now Congressman, for his comment and explanation re par 3 d. basic communication.

2. After all the foregoing are complied with, case may be forwarded to HPA for such action as is necessary in the premises.
